Reference MB Docket No. 04-233

Dear Sir or Madam:

K-LOVE serves me as a resident of Mustang, OK (suburb of Oklahoma City, OK) on a daily basis. It provides family safe programming 24 hours a day that I contribute over \$500 dollars to annually. The family safe programming is the only radio programming my family and I listen to.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, the local community of Oklahoma City, and many surrounding communities, would be critically affected in a very negative way.

The service that K-LOVE provides is in the public's best interest because of the family safe programming that is only available from K-LOVE. The unique way the K-LOVE serves this community is exceptional. The moral decline of today's society is offset by the outstanding programming of K-LOVE. Please do not let that end by an LPFM broadcaster.

Sincerely,

Jaymi R. Harnly
Concerned Resident
